Objective

Aspiring web developer with hands-on experience in building responsive and user-centric websites. Seeking to contribute my skills in front-end development to innovative projects at [**<Company Name/>**] while growing in a collaborative and challenging environment.

Profile

Passionate Front-End Developer with a solid foundation in HTML, CSS, JavaScript, and experience building responsive web applications using React.js and Next.js. Adept at problem-solving, collaborating with teams, and committed to continuous learning. Seeking opportunities to contribute to innovative projects and enhance user experiences.

Skills

Front-End Technologies: HTML5, CSS3, JavaScript (ES6+), Bootstrap, Flexbox

JavaScript Frameworks: React.js (Intermediate), Next.js (Beginner)

Version Control: Git, GitHub

Design: Responsive Design, UI/UX Fundamentals, Figma

Soft Skills: Problem-solving, Team Collaboration, Attention to Detail, Communication

Experience

Junior Front-End Developer (student and intern)

Uncommon, Harare

August 2024 – Present

Assisted in the development and maintenance of client websites, ensuring high quality and timely delivery.

Collaborated closely with senior developers to implement responsive designs, enhancing user experience across devices.

Actively participated in code reviews and debugging sessions, contributing to improved code quality and performance.

Freelance Web Developer

Self-Employed

2024 – Present

Designed and developed responsive websites for small businesses, improving user engagement and online presence.

Utilized Git and GitHub for version control, ensuring smooth collaboration and code management.

Gained foundational experience with React.js and Next.js, applying them to dynamic web applications.

Volunteer Developer

Dzikwa trust

2024 – Present

Developed a community portal to streamline resource sharing and enhance communication among members.

Projects

Personal Portfolio Website

Developed a fully responsive and modern portfolio site using HTML5, CSS3, JavaScript, React.js, and Next.js to showcase web development projects and skills.

Implemented dynamic routing with Next.js for seamless navigation.

Improved performance using code-splitting and lazy loading techniques.

Designed with mobile-first principles, ensuring responsiveness across devices.

E-commerce Platform

Built an e-commerce platform with React.js, integrating product listings, shopping cart, and payment gateway features.

Optimized for performance and user-friendly navigation.

Collaborated on the design and ensured cross-browser compatibility.

Blog Platform

Created a blog application with user authentication, CRUD functionality, and a responsive UI using React.js and CSS Flexbox.

Managed state with React Hooks and Context API.

Integrated with Firebase for real-time data updates.

Education & Certifications

Certificate in Web Development, and Digital Marketing

Uncommon.org, Harare

Comprehensive training in web development with a focus on front-end technologies and user experience design.

Languages

English: Fluent
